Legislation Title: AN ORDINANCE relating to Seattle Public Utilities; accepting easements granted to the City of Seattle for installation, operation, and maintenance of water mains, fire and domestic water services, water service vaults, hydrants, water facilities, water supply pipelines, water meters, access and appurtenances necessary for water utility purposes at various locations in Seattle and unincorporated King County, Washington; placing the easements under the jurisdiction of Seattle Public Utilities; and ratifying and confirming certain prior acts.

Summary of the Legislation: This ordinance would authorize the City of Seattle to accept 51 utility easements for property acquisitions necessary to meet the requirements of the grantors' property developments.

Background:

The Seattle Department of Planning & Development (DPD) may require installation of water mains, fire and domestic water services, water service vaults, hydrants or other water facilities for property developments. The property rights accepted by the City pursuant to this ordinance are for utility installations on private properties required for DPD project approval.

Honorable Tim Burgess
President
Seattle City Council
City Hall, 2nd Floor

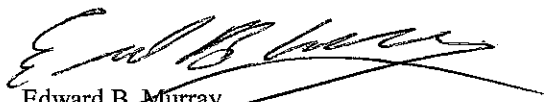

Dear Council President Burgess:

I am pleased to transmit the attached proposed Council Bill that would accept easements for water utility infrastructure. The need for these easement transfers arises from the Department of Planning and Development's (DPD's) approval of numerous land use permitting actions.

As part of the approval process for certain real estate developments, DPD requires installation of facilities such as water mains, fire hydrants and other facilities necessary for water utility purposes. Sometimes these assets must be located within the private property being developed. To insure access for maintenance or repairs, private property owners are required to grant the City easements. Since this is a condition of the property development, the City does not compensate the owners for the easements.

This legislation is necessary to comply with Article IV of the Seattle City Charter, which requires legislative approval of any property acquisition by the City. Thank you for your consideration of this legislation. Should you have questions, please contact Pree Carpenter at 386-9754.

Sincerely,

Edward B. Murray
Mayor of Seattle
